

ECS Pericomp Sdn Bhd. Propels Forward With Cisco Cloud Managed Solutions in Malaysia

KUALA LUMPUR, Malaysia, 17 June 2014 – ECS ICT Berhad (“ECSB”, “佳杰科技”) (Bloomberg: ECS:MK, Reuters: ECSI.KL), the leading Information & Communications Technology (“ICT”) distribution hub in Malaysia, announced today that its wholly owned subsidiary ECS Pericomp Sdn Bhd has been appointed as the first authorized distributor in Malaysia for Cisco® Meraki products (now part of the Cloud Networking Group). Under this arrangement, ECS Pericomp Sdn Bhd will market and distribute the Cisco Meraki product line to its channel partners throughout the Malaysia territory. Cisco Meraki products offer cloud-managed edge and branch networking solutions that simplify enterprise-class networks. Wireless, switching, security, and devices are centrally managed from the cloud and provide network administrators visibility and control.

Cisco Meraki offers cloud networking solutions that expand Cisco's network offerings by providing scalable solutions for businesses of all sizes and strengthens the Cisco Unified Access™ platform. The solutions allow IT to be more responsive to business innovation by providing network administrators with visibility, control and policy management in one integrated network infrastructure.

“We are proud to offer the revolutionary Cisco Meraki products to our Enterprise Systems customers. Long noted for its strength in customer responsiveness, this solution will not only allow us to provide assistance remotely and conveniently, but also help boost efficiency in the overall working environment by minimizing downtime,” said Mr. Foo Sen Chin, Managing Director of ECSB.

Join the cloud networking revolution and join the Meraki partner program to benefit from the ability to sell cloud networking. For information on becoming a Cisco Meraki certified reseller, go to meraki.cisco.com/partners/
